

CONSTRUCTION PRINCIPLE

C 035

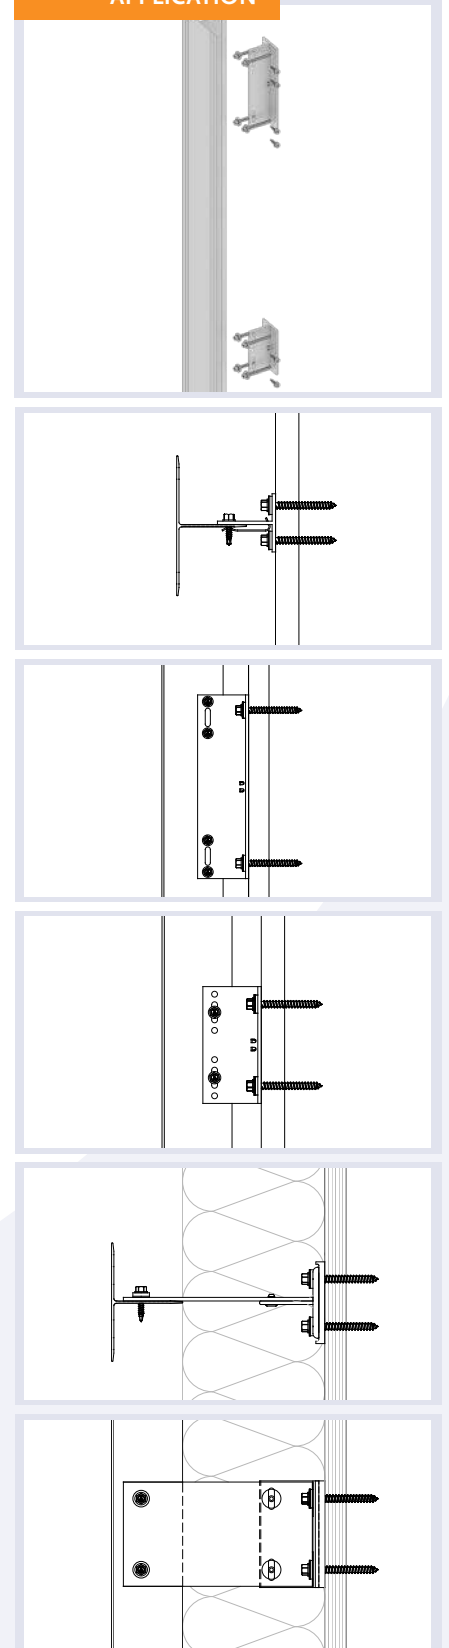

Construction principle with wall supports and (possibly) extension plates.

Features:

- Main supporting structure, structural timber and/or steel structures.
- In combination with 0227 / 0251 profiles.

APPLICATION

0295-178

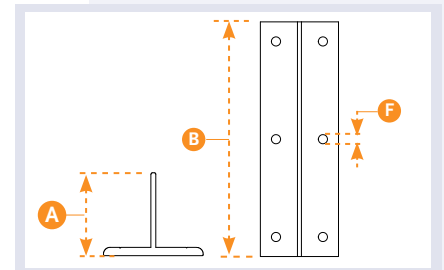

BRACKET

Brackets for installation on wood or steel frame structures; can be combined with 0286 extension plates.

A (MM)	B (MM)	F (MM)
50	180	7.1
60	180	7.1
90	180	7.1

Material: Aluminium EN AW 6063 T66.
Surface: Plain

0295-88

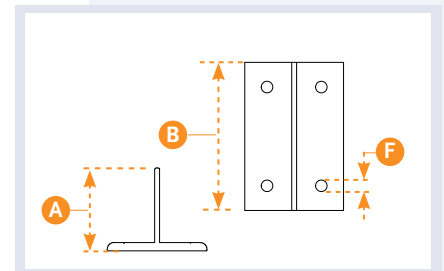

BRACKET

Brackets for installation on wood or steel frame structures; can be combined with 0286 extension plates.

A (MM)	B (MM)	F (MM)
50	50	7.1
50	90	7.1
60	50	7.1
60	90	7.1
90	50	7.1
90	90	7.1

Material: Aluminium EN AW 6063 T66.
Surface: Plain

0319

DRILLMATE

Self-drilling screw for attachment to wood, available with or without sealing washer.

Size: 6.5 x 38
6.5 x 50

Material: Stainless A2 (304)
Surface: Zinc coating

0313

DRILLMATE

Self-drilling screw for attachment to profiles, available with or without sealing washer.

Size: 5.5 x L

Material: - Stainless steel A2
Surface: - Zinc coating

0835

DRILLMATE

Piercing screw for mounting brackets or profiles.

Size: 5.5 x 33

Material: - Stainless steel A2
Surface: - Zinc coating
