

FASTENING METHOD

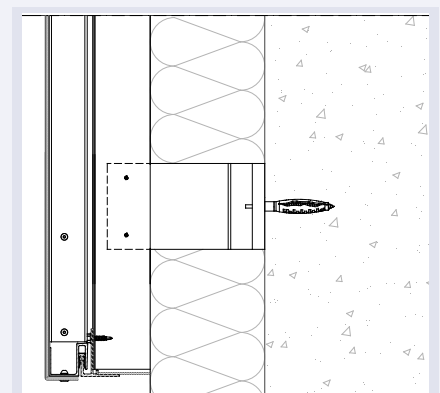

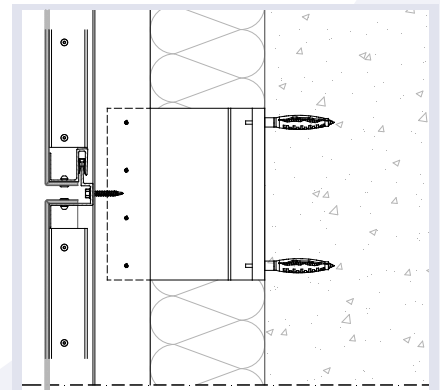

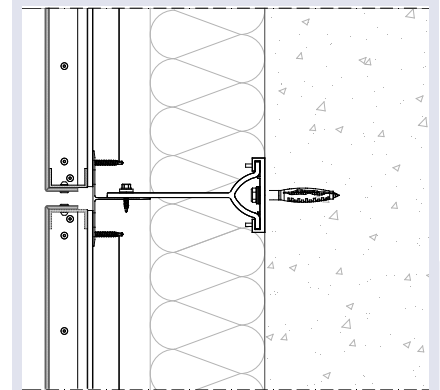

B 018

Invisible fixing method, where cassettes are formed from composite panels. Using profiles, these cassettes can be assembled modularly

Suitable: ACP cassettes.

APPLICATION

o666

CASSETTE START PROFILE

Material: EN AW 6060 T66
Surface: Plain

o667

WALL START PROFILE

Material: EN AW 6060 T66
Surface: Plain

o665

CASSETTE JOINTPROFILE

Material: EN AW 6060 T66
Surface: Plain
Black anodised

o669

CASSETTE PROFILE

for extra rigidity.

Material: Stainless steel A2
Surface: Plain

o668

CASSETTE SPRING

Material: Stainless steel A2
Surface: Black

o106

COLOUR-RIVET®

Blind rivet, for mounting profile 0586, powder-coated in the colour of the cassette.
Size: 5.0 x 12 K11

Material: Aluminium / Stainless steel
Surface: Powder-coated

o725

DRILL SCREW

Self-drilling screw to attach profile 0665.
Size: 5.5 x 25

Material: Stainless steel A2
Surface: Zinc coating
